Professional Summary

BCA graduate with hands-on skills in SQL, Python, Excel, Power BI, Power Query, and DAX, with practical experience building dashboards and analyzing business datasets. Currently gaining industry exposure through a Data Analytics internship. Strong foundation in data cleaning, visualization, KPI reporting, and extracting actionable insights. Seeking an entry-level Data Analyst role.

Technical Skills

Programming & DB: Python, SQL, C, C++, Java, MySQL, SQL Server
Data Analysis & BI: Data Cleaning, EDA, Statistics, Power BI, Power Query, DAX, Tableau
Python Libraries & Tools: Pandas, NumPy, Matplotlib, Advanced Excel, Jupyter Notebook, Git

Experience

Data Analytics Intern Aug 2026 – Present
Info Yashonand Technology Pvt. Ltd.
- Gaining practical industry exposure in data analytics and reporting workflows.
- Applying Excel, SQL, and Power BI skills to work with and interpret business datasets.
- Developing hands-on understanding of data cleaning, analysis, and dashboard reporting.

Projects

AI-Powered SQL Analytics & Automated Dashboard Generator | *Python, SQL, Power BI*

- Built an AI-powered SQL analytics application that automatically analyzes datasets and generates interactive dashboards, KPI charts, slicers, filters, voice-enabled features, and automated visualizations using natural language queries.
- Streamlined data exploration processes to deliver automated, data-driven insights for fast decision-making.

Banking Business Intelligence & Loan Portfolio Analysis | *Power BI*

- Built an interactive Power BI dashboard to analyze loan portfolio performance, customer segmentation, and financial KPIs to support risk assessment and portfolio monitoring.

Interactive Sales Analytics Dashboard | *Power BI*

- Developed a sales dashboard to monitor sales, profit, cost, quantity sold, and customer purchasing patterns using KPIs, charts, maps, and slicers across products and regions.

Customer Behavior Analysis | *Python, SQL, Power BI*

- Analyzed customer purchasing patterns and engagement trends using Python, SQL, and Power BI to build interactive visuals for customer segments and regional performance.

Education

Bachelor of Computer Applications (BCA) | *Kusumtai R. Patil Kanya Mahavidyalaya* 2023 – 2026 | **75.85%**

HSC | *Yashwantrao Chavan Warana Mahavidyalaya* 2022 – 2023 | **74.85%**

SSC | *Shivraj Vidyalay, Aitawade Khurd* 2020 – 2021 | **87.90%**

Certifications

- **Java** — Code Expert
- **Python Certification** — IBM
- **SQL** — Simplilearn SkillUp
- **Excel** — Simplilearn SkillUp
- **AI-Data Analyst** — Skill India
